#### ACID POISONING!

The most eminent physicians recognize that uric acid stored up in the system is the cause of gout and rheumatism, that this uric acid poison is present in the joints, muscles, or nerves. By experimenting and analysis at the Invalida' Hotel and Surject Institute in Buffalo, N. Y., Dr. Pierce discovered a combination of native remedies that he called Anuric, which drives out the uric acid from the system, and in this way the pain, swelling and inflammation subside. If you are a sufferer from rheumatism, backache, pains here or there, you can obtain Anuric, double strength, at any drug store and get relief from the pains and ills brought about by uric acid; or send Dr. Pierce loe for trial pkg. Anuric which you will find many times more potent than lithia and eliminates uric acid as hot water meltis sugar. A short trial will convince you. Send a sample of your water to Dr. Pierce and it will be tested free of charge.

Anuric is a regular insurance and life-saver for all big meat eaters and those who deposit lime-salts in their joints—Adv

**REASON NO. 2** 

"Let all who fall into your hands be at your mercy. Just as the Huns a thousand years ago, under the leadership of Attila, gained a reputation in virtue of which they still live in historical tradition, so may the name of Germany become known in such a manner in China that no Chinaman will ever even dare look askance at a German." -The German Emperor at the time of the Boxer Rebellion.

**REASON NO. 3** 

"Our might shall create a new law in Europe. It is Germany that strikes. When she has conquered new dominions for her genius, then the priesthood of all gods will praise the god of war.

"Germany is not making this war to punish sinners, or to free oppressed peoples. She sets out from the immovable conviction that her achievements entitle her to demand more elbow-room on the earth and wider outlets for her activity."-Maximilian Harden, sometime critic of the Kaiser.

"And ye have heard men say 'Blessed are the peacemakers,' but I say unto you, blessed are the war-makers, for they shall be called, if not the children of Jahve, the children of Odin, who is greater than Jahve."-Neitzsche.

#### **REASON NO. 5**

"The commonest ugliest stone placed to mark the burial place of a German grenadier is a more glorious and venerable monument than all the cathedrals in Europe put together. They call us barbarians. What of it? For my part I hope that in this war we have merited the title of barbarians. Our troops must achieve victory. What else matters?"-German Major General Disfurth.
